

**SELF-GENERATION INCENTIVE PROGRAM
DIRECTED RENEWABLE FUEL SYSTEM OWNER
ATTESTATION**

I, _____ (print name of System Owner), hereby attest that Directed Biogas will be procured complying with all applicable rules of the Self-Generation Incentive Program (SGIP) including but not limited to:

- a) Contract will include term (minimum of 10 years), cost, amount of renewable fuel injected on a monthly basis for the length of the contract, address of renewable fuel facility, and facility address of Host Customer.
- b) SGIP Program Administrators have the right to audit & verify Host Customer's consumption of renewable fuel consumption upon request over the life of the contract.
- c) The Host Customer will consume the contracted renewable fuel for the sole purpose of powering the SGIP systems.
- d) The contract includes a forecast of the system's anticipated renewable fuel consumption.
- e) The Project will be designed to meet the minimum renewable fuel blending requirement applicable to the year in which the application is accepted and for at least 10 years.
- f) The Renewable Fuel Supplier facility must produce fuel that meets the SGIP definition of renewable fuels.
- g) The installation will use a revenue-grade, net generation output meter (NGOM) that can be remotely monitored by the utility for both electric output and gas consumption.

The undersigned understands that non-compliance to any SGIP requirements will be grounds for partial or complete incentive refund.

**SELF-GENERATION INCENTIVE PROGRAM
DIRECTED RENEWABLE FUEL SUPPLIER
ATTESTATION**

I, _____ (print name of Fuel Supplier), hereby attest that Directed Biogas will be supplied to _____ (print name of Host Customer) by nomination and will comply with all applicable rules of the Self-Generation Incentive Program (SGIP) including but not limited to:

- a) Contract will include term (minimum of 10 years), cost, amount of renewable fuel injected on a monthly basis for the length of the contract, address of renewable fuel facility, and facility address of Host Customer.
- b) Documentation will be provided that shows that the third party gas provider can inject the renewable fuel into the natural gas pipeline.
- c) The Renewable Fuel Supplier facility must produce fuel that meets the SGIP definition of renewable fuels.
- d) The gas must be injected into a natural gas pipeline system that is within the Western Electricity Coordinating Council (WECC).

The undersigned understands that non-compliance to any SGIP requirements will be grounds for partial or complete incentive refund.
